DETAILS OF CSR PROJECTS / ACTIVITIES APPROVED FOR THE FINANCIAL YEAR 2024-25

S.No.	Sector	CSR Activities/ Programme	Location of the Project	Brief Synopsys
1.	Promoting Education	Infrastructure Improvement at Priyamvada Birla Senior Secondary School.	Satna (M.P.)	Part Cost of Infrastructure Improvement, Construction of New Classrooms, etc. at Priyamvada Birla Sr Sec School Satna (M.P.) The activity will help in the betterment of educational facilities and in turn promoting education. It will facilitate the students belonging to the underprivileged society living in nearby areas, by providing them with basic amenities and thus will help in growth and upliftment of society.
2.	Promoting Health Care including preventive health	Development of Medical Facilities at MP Birla Hospital & Research Centre,	Chittorgarh (Rajasthan)	Development of Medical Facilities inter alia by way of Capital Expenditure on Medical Equipments for Laparoscopy, Urology and ENT Department at MP Birla Hospital & Research Centre, Chittorgarh (Rajasthan). Providing improved medical facilities and services at an affordable price to a large section of the population, especially belonging to socially and economically weaker and backward sections living in Chittorgarh and nearby areas.
3.	Rural Development Projects and Environmental Sustainability	Development of Community Eco Garden at Ghoordang Village.	Satna (M.P.)	Development of a Community Eco-Garden, boundary wall/fencing, tree plantation, lawn development, and other related activities. The project aims to enhance community well-being and environmental sustainability by developing a government-designated plot into a vibrant garden. This initiative will provide villagers with a recreational area, improve local air quality, and support biodiversity. This will address both social and environmental needs in Ghoordang village.
4.	Sanitation & Preventive Health Care	Comprehensive Sanitation Program at Mahua Basti and Ghoordang Village.	Satna (M.P.)	Establish a systematic cleaning and maintenance routine to uphold high standards of hygiene, manage waste effectively, and promote a healthier living environment for residents. Regular cleaning and maintenance will reduce the presence of pathogens and contaminants, promoting better health outcomes for residents. The installation of garbage dustbins and regular cleaning will decrease litter and waste accumulation, contributing to a cleaner and more pleasant environment.
5.	Promoting Education	Infrastructure Improvement at Government Primary/ Middle School, Satrant, Cortalim, Goa.	Satrant, Cortalim, Goa	Creation of a Library Room with relevant infrastructural facilities including false-ceiling, cupboards, lighting and electrical-work, painting etc. This activity will help with the improvement of educational facilities and in turn promote education. It will facilitate the students belonging to the underprivileged society living in nearby areas to the manufacturing unit of the Company at Goa by providing them with basic amenities and thus will help in growth and upliftment of society.
